Re: TerreStar Networks Inc.
IB Docket Nos. 99-81, 02-34 & 00-248; ET Docket No. 00-258
Notification of Ex Parte Presentation and Contacts

Dear Ms. Dortch:

On June 14, 2005, the undersigned, accompanied by Jerry Abbruzzese, Chairman of the Board of TerreStar Networks Inc. ("TerreStar"), and Amy R. Mehlman, a consultant to TerreStar, met with Chairman Kevin J. Martin and his wireless legal advisor, Sam Feder, to discuss the above-referenced proceedings.

During the meeting, representatives of TerreStar addressed matters already reflected in TerreStar's prior filings in the above-caption matters, chiefly that the Commission has ample authority to redistribute unused 2 GHz spectrum without seeking additional comment. The Commission previously has determined the parameters for the redistribution of unused 2 GHz spectrum, and there is no basis for a party to object to this method.

Additionally, on June 14 and June 20, 2005, Ms. Mehlman spoke by phone with Mr. Feder regarding these same issues.
